1.	Please provide any additional written comments on the strengths and weaknesses of the course. You may comment on such things as the use of assignments, text(s), exercises, exams, etc.	Possibly one of the best teachers I have had because he is so passionate about the subject he teaches.
2.	Please provide any additional written comments on the instructor's strengths and weaknesses.	Rory is very engaging and very honest. He is extremely respectful to his students and he gives us credit for the stuff we already know. He treats us like adults who know things that he may not know, not like children with empty(as some professors do). My only criticism would be that he doesn't give breaks for a 2 hour course. That made it pretty difficult to focus towards the end of class.
3.	Please provide any additional written comments on the strengths and weaknesses of the course. You may comment on such things as the use of assignments, text(s), exercises, exams, etc.	For a summer course there was a lot of dense reading expected to be done at one time. 3 time consuming projects that were back to back that were stressful and it was hard to get ahead because the course calendar is only available a day or so before it needs to be done.
